over the last twenty years there has been increasing interest in the work of michel foucault in the social sciences and in particular with relation to education this the first book to draw on his work to consider lifelong learning explores the significance of policies and practices of lifelong learning to the wider societies of which they are a part with a breadth of international contributors and sites of analysis this book offers insights into such questions as what are the effects of lifelong learning policies within socio political systems of governance what does lifelong learning do to our understanding of ourselves as citizens how does lifelong learning act in the regulation and re ordering of what people do the book suggests that understanding of lifelong learning as contributory to the knowledge economy globalisation or the new work order may need to be revised if we are to understand its impact more fully it therefore makes a significant contribution to the study of lifelong learning

this is the most culturally sophisticated history of the internet yet written we can t make sense of what the internet means in our lives without reading schulte s elegant account of what the internet has meant at various points in the past 30 years siva vaidhyanathan chair of the department of media studies at the university of virginia in the 1980s and 1990s the internet became a major player in the global economy and a revolutionary component of everyday life for much of the united states and the world it offered users new ways to relate to one another to share their lives and to spend their time shopping working learning and even taking political or social action policymakers and news media attempted and often struggled to make sense of the emergence and expansion of this new technology they imagined the internet in conflicting terms as a toy for teenagers a national security threat a new democratic frontier an information superhighway a virtual reality and a framework for promoting globalization and revolution schulte maintains that contested concepts had material consequences and helped shape not just our sense of the internet but the development of the technology itself cached focuses on how people imagine and relate to technology delving into the political and cultural debates that produced the internet as a core technology able to revise economics politics and culture as well as to alter lived experience schulte illustrates the conflicting and indirect ways in which culture

and policy combined to produce this transformative technology stephanie ricker schulte is an assistant professor of communication at the university of arkansas in the critical cultural communication series

in the transatlantic world of the late eighteenth century easterly winds blew radical thought to america thomas paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution in his wake followed more than 200 other radical exiles english dissenters whigs and painites scottish lads o parts and irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation michael durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on american political thought transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country nearly all of these radicals looked to paine as their spiritual leader and to thomas jefferson as their political champion they held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of jefferson s republican party their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution as political activists during the 1790s they proved crucial to jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the new world although many of these men are known to us through other histories their influence as a group has never before been so closely examined durey persuasively demonstrates that the intellectual ferment in britain did indeed have tremendous influence on american politics his account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms skillfully balancing a large cast of characters transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years

as countries confront new health care challenges in the 21st century their health care systems reflect the problems and political settlements of an earlier age meeting these new challenges requires reform of existing health care system arrangements while reconciling the goals of equitable access to quality care at an affordable price this book compares

health care reforms in industrialized nations and the global south to uncover the similarities and differences in their problems and solutions it examines the struggle over the affordable care act and its alternatives in the united states major health care reforms in germany in the new century and south africa s efforts to combat aids and construct a comprehensive health care system for all these particular reforms reflect the underlying configuration of politics in each country

applying lessons from history to the reality of poverty today in the united states the most affluent country in the world this book analyzes contributing factors to poverty and proposes steps to relieve people affected by it american history is replete with efforts to alleviate poverty while some efforts have resulted in at least partial success others have not because poverty is a multifaceted complicated phenomenon with no simple solution winning the war on poverty studies the history of poverty relief efforts in the united states dating to the 19th century debunking misperceptions about the poor and tackling the problem of the ever widening gap between the rich and poor it highlights the ideological differences between liberal and conservative beliefs and includes insights drawn from a well rounded group of disciplines including political science history sociology economics and public health premised on the idea that only the lessons of history can help policymakers recognize that the united states has a persistent poverty problem that is much worse than it is in many other democracies the book suggests an 18 point plan to substantively address this dilemma its vision for reform does not pander to any particular ideology or political party rather this book explains how the united states can win the war on poverty in the short term

the most recognizable superheroine of all time wonder woman has been an essential part of the dc universe and an icon for female empowerment for more than 75 years armed with her lasso of truth and her bullet stopping bracelets the amazon princess journeys into man s world again and again spreading her mission of peace and goodwill and fiercely battling injustice where she finds it she s a princess a warrior and an ambassador beautiful as aphrodite wise as athena stronger than hercules swifter than mercury she is wonder woman wonder woman a celebration of 75 years collects more than 400 pages of the iconic heroine s best stories from her first appearance by william moulton marston and h g peter to her mod 60s redesign by denny o neil and mike sekowsky to her present day adventures

in the late 1930s a number of american women especially those allied with various peace and isolationist groups protested against the nation s entry into world war ii while their story is fairly well known margaret paton walsh reveals a far less familiar story of women who fervently felt that american intervention was absolutely necessary paton walsh recounts how the united states became involved in the war but does so through the eyes of american women who faced it as a necessary evil covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women s organizations informal women s networks and even male dominated lobbying groups in the great debate over whether america should enter the war some women favored aid to the allies not because they hoped for war but because they hoped aid would forestall more direct u s involvement but also because they believed war was preferable to a nazi victory paton walsh shows that this activism involved some of the most prominent women of their day elizabeth cutter morrow whose son in law charles lindbergh was an isolationist spokesman supported the revision of the neutrality acts to allow the sale of arms to the allies and expressed her support in a national radio broadcast soon other women joined this debate esther brunauer of the aaup journalist dorothy thompson and organizations like the league of women voters and national women s trade union league broke from the pacifist tradition to advocate american aid for the allied cause focusing on the conflict in europe paton walsh shows how these women grasped the implications of the lend lease program for america s entry into the war but supported it nevertheless by late 1941 the women s division of the fight for freedom committee had been established no longer merely advocating aid to britain to keep american boys out of battle this organization supported direct american involvement in the war as a means of stopping nazi oppression while most historians have focused on women s pacifism paton walsh connects women more directly to world events and shows how those interventionists

reformulated maternalist ideas to justify and explain their beliefs our war too is a story of american women trying to reconcile the irreconcilable to preserve both their principles and their peace it expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on american public opinion over the build up to the war
